The Branford Historical Society archive collection was originally stored at the Society's museum, Harrison House, at 124 Main Street. When the Blackstone Memorial Library was renovated in 1994, a mutual agreement was reached for most of the archives to be housed at the library for better access and environmental conditions. Larger items and the Towner albums remain at the Harrison House (2017). The photograph and negative collection, cataloged separately from the archives, is also housed at the library.

Previously to 1999, the library and historical society kept separate Branford history archive collections. It was decided at that time to add new material to the Branford Historical Society archives. Papers and photographs at the library that were never cataloged were also added to the society's archives or photo collection. The Blackstone Library archives of Branford history material before 1999 was kept as a separate collection and was organized by Betty Linsley. Papers relating strictly to library business are kept separately from the historical society archives. Since the death of Betty Linsley in 1993, Jane Bouley has maintained the historical society collections.

**DESCRIPTIVE GUIDE**

Atlantic Wire

Atlantic Wire was founded in 1906 by William Hitchcock at Montowese and Meadow Street. The company grew quickly producing wire which in turn was sold to companies who made end products. Hundreds of products were produced from the company's wire. Raw steel rods were heated, shaped and galvanized in different dimensions. William Hitchcock, Jr. succeeded his father as president of the business and the family sold their interest in 1977. The factory closed in 2008 and was torn down in 2017 for a commercial and retail complex. The Hitchcock family were active in town affairs including as long-time board members of the Blackstone Library.

Branford Driving Park

The Park was a private business enterprise organized in 1892 by Benjamin F. Hosley, Louis Fisk and others. The venue was the site of horse and trotting races and it held one of the country's earliest auto races. In addition to races, the Driving Park was the gathering place for the Branford Carnival and other amusements such as bicycle, motorcycle races, hot air balloon ascensions and band concerts. A special train brought visitors to the Park during summer weekends. The last race was about 1913 and the property was sold in 1928.

Branford Lock Works

The Branford Lock Works, commonly called the Lock Shop, was founded in 1865 by Thomas Kennedy. The plant was located at the base of East Main Street on both sides of the street along Ivy Street and Svea Avenue. It was the second largest employer in town and many Irish men came to Branford to work at this factory. In 1894 Yale & Towne Company bought the business and moved the entire operation to Stamford in 1905.

Branford Point House

The hotel register was given by Judith O'Neill of Hamden in 1987 and chronicles a busy summer hotel with guests arriving by yacht, rail and horse. There was a boarding house as early as 1834 on the site. Dr. Frank Parker of New York City and Branford willed the property upon his death in 1912 to the Town of Branford. His family had owned the property since 1885. The buildings were torn down in 1915 and Park Memorial Park was developed.

Malleable Iron Fittings Company

The largest collection in this record group is that of the Malleable Iron Fittings Company (MIF). The MIF was founded by brothers Emil and Thorvald Hammer in 1864 and for almost a century was the major employer and taxpayer in Branford. The company was sold by the Hammer family in 1962 and closed in 1970. An important product of the MIF was the Branford Oil Burner which was based on a patent by Forester L. Hammer. The brochure and other material about the oil burner were sent to Thorvald F. Hammer (grandson of the founder) by William S. Brophy of the Marlin Firearms Company and in turn donated to the Society by Mr. Hammer in 1983. Mr. Hammer also donated the ledger with carbons of company correspondence (1876-1881) signed by his grandfather Thorvald F. Hammer. The ledger had been given to him by Howard C. Gabel in 1978. Other material was donated by Thorvald Hammer's nephew, Carleton Miller and Bran Park Associates in 1982. Additional items came from the Seaburg and Beach family papers with additions by Jane Bouley and the Blackstone Library files. Materials that were scattered in different record groups were gathered under this heading to keep these important papers together. In Box 8 are correspondence by the Hammer family that were in the Blackstone Library files.

A set of MIF "Milestone" programs honoring employees with 25 or more years of service were donated in 2015 by Geraldine Ifkovic of North Branford. A copy of the MIF orange book was donated by the Stegina family in 2015 with notations made by their father.

C. W. McLean & Sons

McLean's was a summer store and post office on Waterside Drive in Pine Orchard, established in 1896 by Charles McLean, a native of Scotland. J. Raymond McLean (1887-1962) succeeded his father as postmaster in 1920 and continued in that capacity until the store closed in 1956. Jane Peterson Bouley gave the Society the 1901 account book in 1987.

### Montowese House

From 1865 to 1863 the Montowese House was Branford's largest and best-known resort hotel, owned and operated by several generations of the Bryan family. Lydia Noble Booth, great granddaughter of the founder William Bryan, gave these items to the Society in 1986. There are brochures; a day book and hotel register for the 1870s. There is correspondence from William Bryan to Vice President James S. Sherman, as well as a Helen Keller signature.

### S. V. Osborn

Anne Link donated the account book (1879-1883) of the S.V. Osborn store. Located originally at the foot of Rogers Street and later at the corner of Church and Meadow Streets it sold coal, wood, hay, seeds, grain, witch hazel and provisions. A tobacco shop and feed and coal were sold on Meadow Street until the 1980s.

### Sheldon House

The Sheldon House was located in Pine Orchard, just east of the Pine Orchard Club, and stood from 1840 until 1960. These papers were donated by Louis Lavassa, a long-time employee. Of particular interest is the hotel register, which is complete for the years 1925 to 1931. The daily menus for the year 1934 are included. Judith Hadley donated photographs and some papers in 2017. Her father Carl Graves managed the Sheldon House from 1945 to 1959.

### Sloops "Freedom" and "Mary"

These two collections are comprised of fragments of records of two sailing vessels that engaged in late 18<sup>th</sup> century and early 19<sup>th</sup> century coastal trade in New England and to the West Indies. The sloop "Freedom", 36 tons, was built in 1789 and owned by William Hoadley. Her cargo lists and accounts were given to the Society in 1975 by Mrs. W.R. Nichols. The sloop "Mary", 42 tons, built in 1802, registered in 1815, the same year her master, Richard Spinks, bought a 1/3 share from Jacob Monroe.

### Totoket Pharmacy

This collection is comprised of a day book and an accounts receivable ledger from the pharmacy for the years 1890-1891. They were donated by Colonel Bradley Prann, whose great uncle, Walter R. Foote, was a principal in the business.

There are small collections for many businesses including Banks, Trap Rock, utilities, other hotels, Stony Creek quarries, Puppet Theatre, A. M. Young Company, and stores.

In Boxes 6 & 7 there are many misc. business papers such as advertisements, letterheads, trade cards, and pamphlets for a variety of businesses. Some were from the files of the Blackstone Library. Ron McDermott donated letterheads and advertising cards. Joan Paine Johnson donated the 1892 account for Paine's Store. Many of the Victorian trade cards were donated by Jane Bouley. Other business papers can be found in Family Papers, particularly those of Reginald Baldwin. The account book for the Stony Creek Oyster Company was donated in 2008 by Walter Lowell, a descendant of one of the owners.

Important papers in Box 8 are a collection of building diagrams of property owned by Louis M. Sagal in New Haven, Bridgeport, and at his farm in Cherry Hill. They were rescued from a dump and donated in 2008 by Mike Martino of Rocky Hill.

In Box 9 are many Branford business letterheads from the estate of Lester Nichols, long time secretary of the MIF. These were donated by Rhoda Loeb in 2011. Personal letters, mostly for Nichols' investments, are in R. G. #1. Included are a group of correspondence between Timothy Blackstone of Chicago and Lester Nichols. The former purchased Nichols' house and lot to build the Blackstone Library. *Branford Review* meeting minutes were also donated by Rhoda Loeb whose father Meyer Leshine founded the newspaper. Also in Box 9 are two account books belonging to George E. Bishop of Stony Creek donated by Randolph Bishop in 2007. The Lewis papers were donated by descendant Walter Lowell in 2008.

RECORD GROUP #3  
PUBLIC PAPERS

Descriptive Guide

The materials in this record group relate to public affairs and institutions in Branford. The first sub group concerns schools and is arranged primarily by school districts. The northwestern school district materials were given by J. Arthur Bradley in 1962 and the letters relating to the First and Second District by John Sliney in 1961. Mrs. John H. Russell donated the Stony Creek Grammar School graduation programs. The high school basketball score book was given by Ronald McDermott from the Vedder estate in 1987.

One of the most important items in the first sub group is the account book of the Academy. It was built as a result of a special town meeting called on April 20, 1820. The Academy has been moved twice, to its present location in 1974. In 1820, local citizens (proprietors) bought subscriptions to support the building, which was used as a school for over 30 years. The account book lists the proprietors, the dividends paid, and the final distribution when the building was sold to the Masons in 1871. The account book was donated by Roger A. & Mary Jane (Ford) Kelsey, Jr. There is the list of students attending the Academy in 1833 donated by the Madison Historical Society.

The Branford High School graduation programs were from the files of the Blackstone Library. Papers from the building committee for the new Branford High School in 1928 were donated by Paul Bruno in 1996. The Branford High School *Hornets* were donated by Barbara Kimball and others.

The second sub group concerns churches, and there is a section for each church. The largest collection is that for Trinity Church. Of particular interest is the secretary's book which contains membership, constitution, and meeting notes of the Ladies Sewing Society (1830-1859).

The Board of Trustees for the Pine Orchard Union Chapel donated papers concerning the church to the Society in 2000. The records are composed of hymnals, annual reports, and other papers. The Pine Orchard Chapel was dedicated in 1897 and placed on the National Registry of Historic Places in 2000. In 2019 George Noyes donated more papers concerning the Chapel containing letterheads and other financial documents from the 1940s.

The third sub group relates to town government. Of interest are the original town treasurer's reports for 1823-1829. The 1875-1876 town annual report was given by Eleanor (Hammer) Scherer, whose grandmother was related to Eli Rogers, the town treasurer at the time. There are folders primarily of communications for the failed Charter Revision in 1961-1965 which were found in the Academy.

The fourth sub group is for "Special Events". There are several folders on the '38 hurricane. Other events include the 1934 state wide Tercentenary celebration. There is a folder for the old Branford Carnival and a few artifacts from the Branford Driving Park donated by John Elliott. The Carnival award pin was donated by Jane Bouley and the bicycle race tag by Robert Loetmen of Wallingford.

Meeting minutes of the WWI veteran's East Shore Barracks which disbanded about 1985 are in Box 7. The minutes are part of the Reginald Baldwin papers, donated by his daughter Barbara Mudgett. Baldwin was a member of the WWI organization and adjutant. The G.A.R. ribbons were donated by Jane Bouley.

The Civil War memorabilia in Box 7, folder 18 was given by Milton Bradley from the estates of Gurdon and Phyllis Bradley. There is also a list of Union soldier burials at Andersonville given by Mrs. Walter R. Nichols in 1975.

In 2010 some family papers were moved to public papers in order to avoid duplication and keep like material together. Other related papers can be found in Family Papers, in particular records of the Short Beach Union Church in the Kelsey Papers; Short Beach Civic Association materials in the Pfeiff Papers; political and World War I materials in the Reginald Baldwin Papers; and early First Ecclesiastical Society records in the David Beach Papers.

In 2012 records of the meetings of the First Ecclesiastical Society relating to leases at Pawson Park were donated by John H. Beach.

A group of published sermons were donated by the estate of Polly (Barker) Petre in 2015. The 1808 ordination sermon for Rev. Timothy P. Gillet was donated in 2019 by Chris Kelly of Branford.

The school autograph book in Box 14 was donated by Mary Hitchcock in 2018.

Descriptive Guide

In 1983 Mrs. Lovell Holabird gave the Society, extensive, if incomplete records of the Women's Republican Club of Branford. It is believed to be the first women's Republican club in Connecticut, founded in 1922.

The secretary's book of the Branford Orchestral Club was given in 1987 by Richard W. Squeri. It includes the by-laws and original members of this short lived organization founded in March 1894.

The Short Beach Association was formed in 1889 to build a pier at Johnson's Beach and to regulate bathing and sanitary matters. It became the Short Beach Improvement Association in 1895 and in 1921 was organized by an act of the general assembly as the Short Beach Civic Association. Included are meetings notes and other papers. Related materials can be found in the Pfeiff Family Papers.

The Branford Art League was formed in 1958 and was active for many years showing works in public buildings, art exhibits and gallery shows. The League was dissolved in 1987. The existing records were given to the Society by Lorraine Black of North Branford, former secretary of the League.

The Branford Sunshine Club was formed in 1902 by a group of young girls for the purpose of spreading cheer among the shut-ins in town. Flowers and later cards were sent to the sick and assistance given for various VNA projects, especially at the holidays. During the two World Wars, the members folded bandages and knitted for the soldiers. The last club meeting was held in the home of Florence (Jenkin) Baldwin (Mrs. Reginald S.) in 1985. The records were given by her daughter Barbara (Baldwin) Mudgett in 1988. Some of the records were given by Mrs. Claude Stannard in 1988 who received them from Mrs. George Pond, long time secretary of the club.

The Branford Chapter of the American Red Cross was active in the 1950s, sponsoring blood drives, first aid classes and involved with disaster planning and civil defense. The records of the Branford Chapter were given by Mrs. Wheeler about 1990.

The Garden Club of Branford cataloged their papers in 2002. Included are correspondence, annual membership list and other club activities including civic landscaping projects. These are cataloged separately and maintained by the Garden Club.

In Box 5 of RG #4 are club and organization brochures that were in the files at the Blackstone Library. Material relating to Clubs and Organizations can also be found in Family Papers, in particular, Garden Club yearbooks in the Foote Papers; Stony Creek Drum Corp materials in the Jim Kelly Papers; and Branford Yacht Club items in the David Beach Papers. Minutes for the East Shore Barracks WWI Veterans from Reginald Baldwin can be found in Public Papers Box 7.

The Short Beach Ladies Fire Dept. Auxiliary was founded in 1922 and disbanded in 2007. Papers were donated by Celeste Krahle.

Box 21 contains ledger books from the Court of Totoket No. 22, Foresters of America, Branford branch. The ledgers were at the Blackstone Library. There are two ledgers from the Odd Fellows who met at Seaside Hall in Stony Creek, donated by the Guilford Free Library. In Box 22 are several ledger books containing the records of the Ancient Order of Hibernians of Branford. The fraternal organization was formed by Irish emigrants and provided benevolence to families in need.

Descriptive Guide

This record group contains materials that do not fit into the other categories. Examples are invitations, small pieces of art work, programs, autograph books, certificates, and Branford histories. In 2010 the contents of RG #5 were resorted and many documents placed in other record groups.

Box 1 has an extensive collection of wedding invitations and anniversary announcements from a variety of sources, in particular sent to members of the Jourdan family from 1912-1937 and donated by Caroline Jourdan. Others were in a small scrapbook kept by Marguerite Palmer. Some wedding invitations can also be found in Family Papers.

Mary Linsley's book (Box 1, folder 8) was donated by Arnie E. Ahlberg of Guilford. She was probably Mary daughter of Chauncey Linsley of North Branford and the P. Linsley refers to her sister Polly.

The items on the Smith family who lived in the Harrison House (Box 3, folder 9) were given by Mrs. Oscar Kahl and Richard and Nancy (Bradley) Kahl in 1982. The Jonathan Rose tax receipt in folder 10 was given by Jane Peterson Bouley in 1988.

The Branford postal marks were collected and donated by Jane Bouley. She also donated the books by J. Andre Smith of Stony Creek. Etchings and cards by Smith were donated by George Noyes in 2015.

Materials about the internationally known poet Ella Wheeler Wilcox, a resident of Short Beach, were gathered from other record groups- some donated by the Bradley and Fullerton families, Jane Bouley, and from the files of the Blackstone Library. A few books were donated by Richard Patterson in 2015 and a large collection of the poet's prints and books were donated by Edward Ifkovic of West Hartford as background material for his book "Ella Moon". The books were placed at the Blackstone Library which has a large collection of her published works. The original letters from the poet were given to Jane Bouley by Ella's niece Elizabeth Collins. See also the historical society scroll boxes for a large scrapbook of poetry and sheet music by the poet.

The framed silhouette of Michael Taintor was donated by Toni DePonte of Branford in the 1990s.

A set of Short Beach Days programs from 1922 to 1999 were donated by Jane Bouley in 2010.

ARRANGEMENTS NOTES

In a number of cases, the family sub group is further divided into smaller sections for individual members of the family due to the volume of the material or the person's prominence. The classification and order of the documents is as follows: Land records; probate; wills; estate papers; legal papers; correspondence; notes; history; genealogy; literary; school papers and miscellaneous. The folders within a classification are arranged by person, the above mentioned order, and/or chronology. Where possible the arrangement within a folder is chronological.

DESCRIPTIVE GUIDE

The documents in this record group are collected by family sub groups because of the large number of papers for a given family or family name. Often they were given to the library as a specific family collection. A few of the family collection are rather small.

Hammer Papers

The Hammer family was well known in Branford as the three generation owners of the Malleable Iron Fittings Company from 1864 until it was sold in 1962. Each generation was also important for their service to the community, in particular, the library of which Thorvald Hammer was an original trustee. He was succeeded as trustee by his son Alfred E. Hammer and lastly by his grandson Thorvald Hammer, currently chairman of the board (1983). Alfred E. Hammer and his second wife Rosamond were particularly interested in local history and did much to preserve documents, newspaper clippings and other notes on Branford history and people. Among their papers in this collection are: the manuscript and notes for a history of Branford started by Alfred and continued by his wife; Rosamond's notes on early houses; clippings of historical columns from the *Branford Review* from 1928 until the mid 1950s.

As part of his research Alfred carried on a correspondence with Charles E. Hoadley the Town Clerk of Branford. Mr. Hoadley had transcribed some of the early records and sent them to Mr. Hammer. In the early 1920s Mr. Hammer paid to have the first two volumes of the town records transcribed and indexed and gave a copy to the library. The collection also includes letters dated 1887 from a friend, James Francis Rodgers whose mother lived on Bradley Avenue. Mr. Rodgers was studying art in Boston and died one year later from consumption. There are also letters from Alfred's sister Julia Hammer Eaton.

Alfred Hammer's daughter Delphina shared his interest in early Branford history. She was a graduate of the Yale School of Architecture and collaborated with J. Frederick Kelly on his book on old houses in Connecticut. Although she moved to Suffield in 1932 after her marriage to Henry M. Clark, jr., she maintained her interest. She made a thorough study of the early land divisions and in jigsaw fashion put together a map of plots in the center of town before 1700. Her papers include the map, her maps and additional notes of houses in other sections of Branford. She also donated a great number of documents she obtained from friends or purchased from dealers which forms the backbone of the library's whole manuscript collection.

RECORD GROUP #1  
FAMILY PAPERS

Baldwin Papers

The first three folders in this sub group contain deeds, leases and estate papers of the Baldwin family in the 19<sup>th</sup> century. Most concern land at Damascus and Mill Plain belonging to Timothy Baldwin, the son of Deacon Zaccheus Baldwin. There are also estate papers for Zaccheus Baldwin who died in 1831 and a will of Edward Baldwin. All of the papers in Box 2, folders 1-3 were given to Delphina Hammer Clark by Olive Pond Ross and in turn to the library.

Box 2, folders 5-14 and Box 3, folders 1-4 contain the papers of Rev. Elijah C. Baldwin, the minister of the First Congregational Church from 1865 until 1878. He was not related to the other Baldwins of Branford but studied and published essays on Branford's early history. His notes were given to the library by Henry B. Plant and Mrs. Samuel O. Plant courtesy of Lynde Harrison on January 4, 1897. The papers were donated to the library unsorted and every attempt has been made to arrange them logically. Rev. Baldwin's more formal papers are housed at the New Haven Colony Historical Society library.

Page Papers

All of the papers in this sub group were given by Delphina Hammer Clark. Folders 5-8 contain assorted papers of the Page family of North Branford. Folders 9 & 10 contain the writings of Abbott C. Page, born in Branford 1856, who was a childhood friend of Alfred E. Hammer. Page graduated from Yale, taught Chemistry at Iowa State Teacher's College for 21 years, returned to Branford and eventually moved to Pomona, California. From California he wrote a column of reminiscences for the *Branford Review*. Of particular interest is his autobiography in folder 10.

Morris Papers

The Morris family owned considerable property along Main Street, Cherry Hill to the East Haven line. These papers were donated by Delphina Hammer Clark and materials in folder 12 were given to her Olive Pond Ross. The journals and school compositions of Rev. Lewis F. Morris make up the bulk of this collection. He was the son of James F. & Harriet (Plant) Morris of Branford and attended Yale in the mid 19<sup>th</sup> century.

Blackstone Papers

Folders 1 & 2 contain copies of papers relating to the family owned by Paul Blackstone. Folder 3 contains a subpoena issued to several Branford men to appear in court and was donated by George Blackstone in 1922.

Palmer-Averill Papers

The legal papers of Barnabas and Hannah Palmer (Folder 4) were given by Joseph Baisley in 1909. The rest of the papers were given by Delphina Hammer Clark. There are letters from the Palmer family, of particular interest are those to John Palmer who lived at Georgetown in Washington, D. C. and then moved to New River, Louisiana. There is great deal of Branford news in these letters. There are also letters to Nancy Palmer (Mrs. Isaac H.) from her cousin Harriet Averill. Harriet Averill and her mother wintered in Avon, Connecticut and summered in Branford.

Hoadley Papers

This small sub group has several donors. The papers include the sermon preached at Orrin Hoadley's funeral in 1864 by Rev. Henry Olmstead of Trinity Church. There are also tax receipts and a saw mill agreement.

### Howd Papers

This sub group contains deeds to land owned in Stony Creek by the family. The materials in folders 9-11 were given by Mrs. Charles Howd on March 4, 1941.

### Farrington-Harrison Papers

It is not known who donated these papers. There are deeds to land held by the Farrington and Harrison families who were related by marriage at Brushy Plain, Beaver Swamp and the center of town.

### Linsley Papers

Box 5, folders 1-6 contain papers of the Linsley family of North Branford and were donated by Delphina Hammer Clark. The oldest items are two account books belonging to Daniel Linsley dating from 1741. He was a farmer, miller and carpenter who was born in 1715 and died in 1799. There is also a copy of the will of his son Reuben Linsley (1753-1817). Most of the papers in these folders concern Reuben's son Jesse who was captain of the militia, selectman and an active member of the North Branford Episcopal Church. Folder 2 contains Jesse Linsley's diaries, though incomplete, from the years 1802-1836. Of special interest are copies of the will and estate distribution of Jesse's sister Polly, a schoolteacher. Her diaries are at the New Haven Historical Colony Society for the years 1821-1934.

### Tyler Papers

Most of the papers in this sub group concern Philemon Tyler and his family who owned considerable land in the area between Alps Road and Double Beach. Most of the collection contains deeds but also Philemon's will and a few financial papers. The deed in folder 8 was donated by Delphina Hammer Clark. Mrs. Herbert Jones gave the Peter Tyler deed in folder 12 on May 8, 1920. The rest of the items in folders 8-11 came from Frank Goodyear Smith on October 2, 1946.

### Rogers Papers

This is the most extensive set of family papers in the library's collection. There are four separate groupings. The first is mostly 18<sup>th</sup> century land records of Samuel Rogers who owned property in the Damascus and Pine Brook sections. These papers were given by Olive Pond Ross to Delphina Hammer Clark.

The second group contains the papers of Eli and his wife Sophia Rogers which were donated to the library by Miss Catherine Agnes Matthews, the beneficiary of Sophia's estate, in April 1917. Eli Rogers owned a merchandise business, held several town offices including post master, judge of probate and town clerk. He also represented the town in the General Assembly and was a benefactor of Trinity Church. Eli died in 1899 at the age of 88 and his third wife Sophia died in 1915 leaving her estate to her servant Miss Matthews. A famous court case developed which Miss Matthews won, a copy of which is in the library's cataloged collection. The papers in this subgroup are basically of three types: legal papers of the Probate Court and of Mr. Roger's business; the genealogy and Branford history notes of Mr. Rogers; a scrapbook kept by Mrs. Rogers with clippings of births, marriages and deaths of Branford people from about 1877-1899.

The genealogical and historical notes of Eli Rogers form a large collection and he corresponded with people across the country.

Eli's brother, Henry Rogers shared his brother's interest in Branford history and genealogy and his notes and correspondence are even more extensive. Included are papers that belonged to his father Abraham Rogers of Stony Creek- deeds, estate and other legal papers. Henry was a lawyer in New Haven, also served in the General Assembly

and summered in Stony Creek. He was the first president of the Stony Creek Oyster Company which was organized in 1868 and managed by his brother Elizur Rogers.

Also in the Rogers papers are the diaries of Mary Rogers, the wife of John of Stony Creek covering the period from 1873-1910 though the entries in the later years are very brief.

#### Reidy Papers

Dennis Reidy and his wife Mary, natives of Ireland, settled on Cedar Street in Branford. Their son Dennis F. Reidy operated a grocery store at the corner of Main and Rogers Street. The collection contains legal papers and correspondence.

#### Donnelly Papers

This collection contains the papers related to patents held by John Donnelly, a blacksmith and inventor. He later served many years as the custodian of the Blackstone Memorial Library. There is also a considerable correspondence with the William Demuth Company of New York, makers of pipe and smoker's articles, concerning a pipe invention.

#### Ely Papers

This collection includes a novel manuscript and some other literary works of Esther A. Ely and her aunt Fannie Ely Goodrich. It is not known who gave them to the library. Most of this collection are photographs of the Ely family.

#### Barker Papers

The items in this sub group cover five generations beginning with Daniel Barker (1705-1801) and his brother-in-law David Rose. The papers descended to Jane Barker and perhaps she or her heirs donated them to the library. There are numerous land records for the Barker and Rose families in Branford and North Branford. There are wills and estate papers for several generations of the Barker family. The Barkers were involved with two fish companies, The White Fishing Company and The North Branford Shad Company. These company papers are in fragments and were difficult to piece together.

#### Foote Papers

Charles Thompson gave these papers to the library in 1983. Most relate to his Foote ancestors and some belonged to his great uncle Henry Stedman. The deeds in the collection are in poor condition. One of the most interesting items is a rather extensive set of papers (1825-1834) from the estate of Lucy Parish whose first husband was Ephraim Foote.

PUBLIC PAPERS

Physical measurement: 1 feet, 7 inches

DESCRIPTIVE GUIDE

The materials in this record group relate to public affairs and institutions in Branford. The first sub group concerns schools and is divided into school districts. For most of the districts, there is only a scattering of items, but there are some registers and/or meeting notes from the mid 19<sup>th</sup> century. The most complete collection is that of the Short Beach PTA (1936-1982) which includes a guest book when the school closed in 1982, meeting notes from 1938-1982, an account book 1966-1982 and publicity scrapbooks from 1936-c1949.

The materials in Folder 1 on schools in the center of town was given by Delphina Hammer Clark. Howard Palmer donated the 1908 high school constitution in 1916 and Harriet L. Palmer gave the 1886 library catalogue. The school record book (1849-1856) of Miss Frances M. Beach was given by her daughter Helen F. King in 1918. Mrs. W. E. Fowler gave the Mill Plain School District meeting minutes (1853-1867) in 1934. The Register of Damascus District meeting notes and attendance book (1839-1867) were given by William F. Rogers and his mother Elizabeth Vinal Rogers in 1928. The Short Beach PTA collection was donated by Jane Peterson Bouley in 1982.

The second sub group concerns the churches and contains mostly sermons. The bound volumes of sermons by Timothy Gillett were gifts of the Rev. T. S. Devitt (1809 sermon) in 1902 and David Baldwin and Miss Helen Baldwin (1823 sermon) in 1917. The unbound copies of these same sermons are in poor condition. Most of the materials about the First Congregational Church in folder 4 were given by Delphina Hammer Clark. An exception is the 1754 tax receipt which was the gift of Joseph Baisley in 1909 and was formerly hung on the library wall.

The third sub group relates to town government. In addition to town orders and list (gifts of Delphina Hammer Clark), there is a volume pertaining to briefs of the court case brought against Branford by William Bryan, jr. and others because of the town's refusal to build a bridge over the Branford River. This bridge, Hubbard's Bridge was subsequently built as a result of this case. The briefs were donated by Lewis Warner in 1938. Also of interest in this sub group is the 1869 post office account book which includes a list of box holders.

The fourth group is entitled Special Events. Of interest is the complete program, line of march and verbatim record of the dedication of the Civil War Monument in 1885. James Blackstone, for whom the library is named, had a place of honor in the line of march. The materials in this sub group were donated by Delpina Hammer Clark.

RECORD GROUP #3  
PRIVATE PAPERS

Physical measurement: 8.5 inches

Prepared by: Betty M. Linsley

March 10, 1983

DESCRIPTIVE GUIDE

The documents in this record group are those involved with individuals, versus records of a whole family or public records. The sub groups follow the format of the other record groups.

The first subgroup, land records, contains mostly warranty deeds and a few land surveys. The Russell, Frisbie and Rosewell deeds in folder 3 were given by Delphina Hammer Clark as were the John Ford deeds in the next three folders. Most of the deeds involve the areas of Cherry Hill, Lake Saltonstall and Brushy Plain. The Bartholomew deed in folder 3 was donated by Albert T. Rogers in 1902.

There are a number of assorted probate papers in the second sub group. Several are from the family of Benjamin Bartholomew in the early 18<sup>th</sup> century. Most of the other materials were given by Delphina Hammer Clark.

The correspondence group is also varied. Folder 8 contains a letter from William B. Curtiss of North Branford to Albert F. Wheadon which discusses the Civil War. There are also two notes dated 1789 from J. Russell to J. Fitch concerning the payment of excise tax. These were given by T. M. Byxbee of the Internal Revenue Department in 1913. The other letters in the folder were given by Delphina Hammer Clark. Folders 9-11 contain letters from alumni of Branford High School who wrote to the principal or to the *Hornet* (newspaper) advisor in 1944 and 1945 as a result of mailing the newspaper to service men. There are some interesting experiences recounted and the letters were written from all over the world. They were sent to the library by Mr. Murphy of the Connecticut State Library.

Most of the materials in folder 12- births, marriages and deaths came from Delphina Hammer Clark. Of interest is a scrapbook of Branford deaths kept by Martha Tyler from 1795-1812.

In the sub group, diaries, scrapbooks and memoirs is a Civil War orderly book belonging to David Averill and donated by Mrs. Thomas P. Preble in 1948.

Financial papers contains an account book belonging to John W. Miller which was donated by Mrs. Larson of New Haven in 1968. Most of the materials in folder 5 was donated by Delphina Hammer Clark. The Sliney materials were given to Clark by Olive Pond Ross.

The prize certificates from the Branford Fair (folder 6) and the poetry by local poets (folder 7) were given by Delphina Hammer Clark. Folder 8 contains a copy book in which Daniel Brewer studied math in the early 18<sup>th</sup> century.

RECORD GROUP #4  
CLUBS & ORGANIZATIONS

Physical measurement: 3 feet  
Prepared by: Betty M. Linsley  
March 10, 1983

DESCRIPTIVE GUIDE

The two largest sub groups in this record group are comprised of the bound volumes and other papers of the Mason Rogers Post #7, Grand Army of the Republic and its auxiliary, the Mason Rogers Corp #46, Woman's Relief Corps. The former was founded in 1881 and the latter in 1893. Both were affiliated with the state and national organizations of the G.A.R. The Mason Rogers Post membership was limited to those who served in the Union army but Relief Corp. members did not have to be blood relatives of Civil War veterans. The G.A.R. was a fraternal organization dedicated to the welfare of Civil War veterans and their families. They also promoted patriotism and the observation of Memorial Day. The Woman's Relief Corp. maintained a relief fund to provide aid to the children and families of veterans. In addition, they visited the sick and promoted patriotism in the schools. The men's group disbanded in the early 1930s, but the Woman's Relief Corp. not until the early 1960s.

The Mason Rogers Post #7 collection, while extensive, is by no means complete. The roster begins in 1881 and only continues until 1915. The meeting notes begin in 1881 and end in 1914 with several years missing in between. General orders from the state and national organizations cover the same periods with missing years. There are a large number of fragmentary items, applications, transfer cards, adjutant reports, correspondence, rules and regulations and by-laws. There are 3 bound volumes in this collection. The minute meetings for the Woman's Relief Corp. #46 are almost complete for the years 1893-1926. The group's records are in 20 bound volumes plus an assortment of quarterly reports. The Relief Corp. memorabilia in the small boxes 1 and 2 were given to the library by Mrs. Harriet R. Forbes in 1963.

The Branford Auxiliary of the New Haven Sanitary Association was formed to provide hospital supplies for soldiers during the Spanish American War in 1898. While it only existed from June 29 until December 1<sup>st</sup> of that year, the records of the meetings are complete and correspondence and accounts reasonably so.

The next three groups are fragmentary materials relating to the Pine Orchard Association, the Stony Creek Association and the Pine Orchard Country Club. Charles W. Baxter donated a criticism of the Pine Orchard Association by Joseph P. Beach and other material in this sub group in 1920.

The WWII Branford Observation Post was operated by the Aircraft Warning Service, part of the Ground Observers Corp. of the Army Air Force. The Branford Post was organized in January 1941 and after Pearl Harbor spotters began 24 hour duty. A tower was constructed in early 1942 with a cabin and deck for spotting, identifying and recording all aircraft in the area. It was manned around the clock by men and woman civilian volunteers until it closed in May 1944. A collection of orders, correspondence, press releases and official newspapers were given to the library by Charlotte Pfeiff, the publicity officer for the post.

RECORD GROUP #5  
MISCELLANEOUS

Physical measurement: 1 foot  
Prepared by: Betty M. Linsley  
March 10, 1983

DESCRIPTIVE GUIDE

The materials in the miscellaneous group did not fit into the other categories or do not involve Branford people or history. Most of folder 1 and 3 were collected by Delphina Hammer Clark and are believed to be Branford in origin. The almanac in folder 3 lists a chronicle of Connecticut events for 1873-1874. Mrs. Clark and Mrs. Roland Geier were responsible for the survey of houses and markers by the Connecticut Antiquarian & Landmarks Society. There is a lot of information, especially about cemetery markers, not found elsewhere in the collection.

There are two sets of items involving the Civil War. Mrs. Jones (first name unknown) donated the Confederate certificates in folder 1. Ammi Barker gave the library a collection of reports for the sick and wounded in 1915. Included in this collection are the letters of Dr. H.V.C. Holcombe a surgeon with the 15<sup>th</sup> Connecticut Regiment (folder 5).

Mrs. W.E. Comstock donated the papers in folder 2. They include an 1829 edition of Prindle's Almanack, published in New Haven. The 1837 letter written by Benjamin Dimmick of Wilton, New York was given by Ivan McDonald of Branford. Mr. Dimmick was Mr. McDonald's great great grandfather.

Caroline Jourdan donated the 1871 Handbook of the New Haven Railroad in folder 5. A collection of signatures of famous persons and "curiosities" in folder 7 that belonged to Martha Russell of North Branford were given by her niece Mrs. L.M. Dow.

A photocopy of the original Branford Patent and a typed transcript found in folder 6 were in the library safe as were the history notes compiled by Alice Taylor Peterson (folder 8).

Also in this record group are two small boxes. Box 1 contains cigar wrappers given by Richard M. Grave in 1971 (the Grave family manufactured cigars in New Haven). Box 2 contains memorabilia, mostly of the G.A.R. belonging to Sefton Stannard who lived in Hartford but was born in Branford. This collection was given by Alden Linsley in 1970.
